Phone your Representative Today

I am employed with the Freightliner Corporation in _____ N.C. I am asking you **Senator/Representative Name** to stand with us and stop the mass shifting of work being moved to Mexico from N.C. Freightliner has moved a majority of production of medium and heavy duty trucks to Mexico over the last year. Almost 5000 of us have been laid off and no longer can provide a comfortable living for our families. It's time to tell Freightliner enough is enough, economic prosperity begins at home! I am asking you today to tell Freightliner it is time we bring our work back home to N.C.
